made to create **BERNINA**

Dog Collar Bandana
by Audrey Esarey
www.CottonandBourbon.com

Make your pup a bandana that slips over their collar!

1. Cut the desired bandana size on the fold from a 10"x12" feature fabric and backing fabric.
Optional: Cut and iron on lightweight interfacing to the feature fabric for additional strength.
2. Place fabrics RST and sew the perimeter using 1/4" seam, leaving a 2" opening to turn.
3. Turn right side out, press, and top stitch 1/8" from the edge around the entire piece.
4. Fold over the square edge (marked with a dot) to create the collar loop and pin.
5. Stitch in place, backstitching at the start and end of the seam for extra strength.
6. Show your pet their new stylish bandana - **Cheers!**
