## GEOMETRIC WOODEN NECKLACE

BY ASHLEY ROSE

### MATERIALS

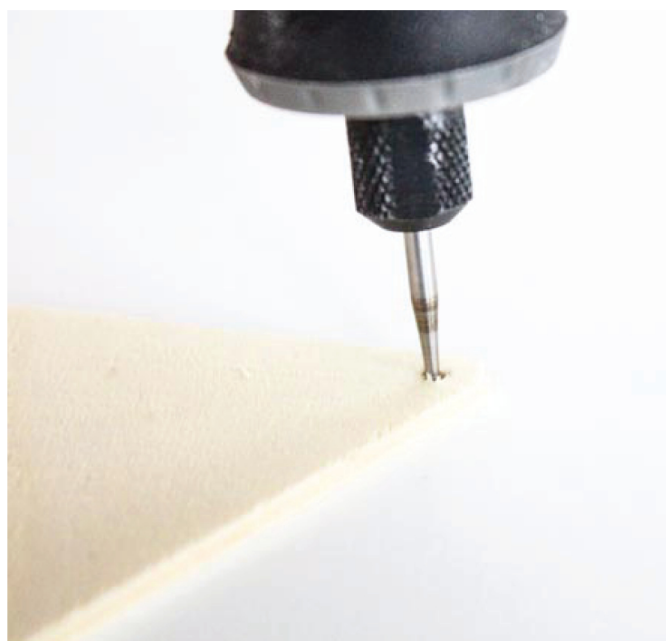

- DREMEL TOOL
- PAINT
- PAINT BRUSHES
- 3 1/2 WOODEN TRIANGLE
- GOLD CHAIN NECKLACE (OR CHAIN AND CLASP)
- ROUND-NOSE JEWELRY PLIERS
- GOLD JUMP RINGS
- PAINTERS TAPE

---

1. Using a dremel, drill small holes in two corners of the wooden triangle just big enough to comfortably fit the jump rings.

---

2. Use painters tape to tape off random sections of your triangle to paint, or free-hand it if you're feeling wild! Then let it dry completely.

---

3. Insert a jump ring through one corner of the triangle. Attach a loop from your necklace chain and then secure the jump ring using the round-nose pliers. Repeat this step for the opposite side.

---

4. Your necklace is ready to make a statement!
